Re: *State of Oklahoma v. Tyson et al.*,
No. 05-CV-0329-GKF-SAJ

Dear Michael:

This is a follow-up to my letter of March 25, 2008 and the attachments thereto. This production is made pursuant to the Court's Order of January 5, 2007 (Dkt. 1016). The same caveats and reservations apply to this production as applied to the earlier ones made in compliance with that order. In making this production, we understand the Court's Order to be limited to the production of facts and not to extend to the production of the opinions or analysis of our experts or to require further invasion of our work product.

Without waiving our objections, we are today replacing the Temp CD with STOK-CD59. The documents on the Temp CD have now been bates numbered (STOK 49369-51630) (see attached index). Also included on STOK-CD59 are the chain of custody forms (STOK 50052-50093) addressed in the previous letter which were not included on the Temp CD.

We are also producing STOK-CD60 which contains the last of the photographs (STOK 51631-53415). As with the earlier photographs, we have expended extra time and effort to link the particular photos in a manner that should assist in locating where and when the picture was taken. In the process of making this production, we discovered a copy of a field notebook that was previously produced on 2-8-07 as OKPL 5864-5946. The field book we are producing today has an additional page at the end of the document. While that page, frankly, does not make any sense to me, in the interest of completeness, I am producing the field book, numbered STOK 53416-53501. My review of this field book suggests that there are no other differences between the two documents other than the additional page, but I have not gone through it line by line to confirm that is, in fact, the case.

The disks STOK-CD59 and STOK-CD60 will be sent via FedEx today. I believe this brings our production up to date. We will supplement this, should we receive additional matters which are required to be produced by the Court's order. Should you have any questions, please call me so that we can discuss it.

Sincerely,

A handwritten signature in black ink, appearing to read "L. W. Bullock", written in a cursive style.
